North Carolinians for Home Education Athletic Conference
Non-Recruit/Transfer Rule Explanation

No athlete may leave one homeschool team to play on another homeschool team without the permission of his current program's ruling authority. A team is defined as all age eligible players from middle school through high school. If the program authority does not grant permission, the athlete may appeal to the NCHEAC, whose decisions are final. If the player does not make such an appeal or the appeal is denied, the athlete must either stay on his team or sit out one year. After sitting out one year, the athlete may play for any homeschool team. An athlete is considered committed to a team once they initially register with the team/sport. If a player is cut from the team during try-outs, they are automatically released. If the team or program announces that there will not be a team (or fails to submit a minimum number of players on the roster) then players are automatically released. Players on a team in a program are committed to the team and must receive a release to move to any other team (including an older team) with another program.

I/we, the custodial parent(s) of _____ (list athlete's names), acknowledge receipt of this rule and agree to abide by the provisions listed. I/we, understand that this rule applies to all children in our homeschool who participate in NCHEAC sponsored leagues. This form only needs to be signed once by each family represented herein.
